

## MaxCAD to distribute AutoTrack in Romania & Moldova

*Leading Autodesk Value Added Reseller, MaxCAD,  
will distribute AutoTrack within Romania & Moldova*

**FOR IMMEDIATE RELEASE**  
**11 August 2008**

Savoy Computing Services Ltd, authors of AutoTrack, the world renowned vehicle swept path analysis software, is pleased to announce the appointment of Romania's principle Autodesk Value Added Reseller, MaxCAD S.R.L., as an official European partner. MaxCAD will henceforth distribute and support all versions of AutoTrack in Romania and Moldova and provide a range of AutoTrack training courses. Martin Jefferys, Managing Director of Savoy, confirmed the arrangement saying "We're very pleased to be working with MaxCAD and looking forward to extending our user base in Romania and Moldova."

MaxCAD is the leading Autodesk civil accredited reseller in Romania so partnering with Savoy, Autodesk's Civil 3D Preferred Industry Partner for the transportation sector in Europe, makes good sense. They are also an Autodesk Authorized Training Centre and so have the expertise required to offer AutoTrack training to a high standard. MaxCAD's CEO, Cristian Dumitrescu, said of the partnership "We're delighted to be working with Savoy; we have been aware of them and their products for some time and now we are excited to be working with them to develop the business in Romania."

### **About Savoy Computing Services**

UK based Savoy Computing Services Ltd have led the development of innovative vehicle swept path solutions since the early 1990's. Their products, which are regarded as standard design tools by many companies, provide architects, designers and engineers with the most advanced and comprehensive set of vehicle access planning tools available today. Savoy are Autodesk Preferred Industry Partners for the transportation sector in Europe, Autodesk Authorized Developers and Bentley Enterprise Developers and their products run seamlessly on nearly 100 CAD variants, as well as stand-alone in Microsoft Windows. For more information on our products please visit [www.savoy.co.uk](http://www.savoy.co.uk).
